Subject: FW: Charging in PPL for the Gold King Mine Response

Gina/Joni:

People Plus account codes have been set up under SSID A8K9 (Gold King Mine Blowout) for those listed below. I would suggest to refrain from any site charging in People Plus until next week as we are closing out the pay period today. We can send out further guidance next week on charging time to this account.

I'm heading out shortly but am available over the weekend if needed. If you need to get into contact with me, you can call my cell at 859.653.7752.

Thanks,

Joe

Per Martin Hestmark conversation, he is letting anyone who works on the response charge to the special accounting string attached to this response. Please give Gina Cristiano or Craig Myers a call if more details are needed. The accounts will need to be put into their

account code favorites in PPL. The list will grow as some of the water folks are not down here at this time.
